

# CHARGER SUPPORT STANDS

## SACKETT SYSTEMS CHARGER SUPPORT STANDS PROVIDE MULTIPLE OPTIONS FOR STORING YOUR FORKLIFT BATTERY CHARGERS REGARDLESS OF THE CHARGER BRAND OR TYPE.

Ruggedly built, fully welded structure and easy to set up, Charger Support stands come in a variety of configurations with the two legged stand being the most common.

These stands provide easy access to the battery charging equipment. The installation of forklift battery chargers is easy with pre-punched holes on platform top and floor anchors. Also the installation of cable management is simple with pre-punched installation holes. These stands offer flexibility and safely secure the mounting of forklift battery chargers.

### STAND FEATURES

- Pre-punched anchor slots in the back of the platform top for ease of mounting chargers
- Pre-punched cable management holes in each front corner of platform top for ease of installation
- 2 leg charger stand fully welded with pre-punch floor anchor holes for ease of installation
- Construction to hold any forklift battery charger weight
- Custom-built stands to meet any specifications
- Standard depth is 24"
